

Total Lean Management (TLM) Solution

Supply Chain Industry :

Problems & Challenges :

- 1) Long supply chain lead time to serve their customers
- 2) Low machines efficiency and high loss time
- 3) High machines maintenance cost

Solutions :

- 1) Developed their peoples by using TLM thinking & concept
- 2) Implemented PM & AM and created continuous flow to reduce L/T
- 3) Made new standardized work to minimize wastes and losses time

Results :

- 1) Lead time reduced by 30%
- 2) Machine efficiency increased by 20%
- 3) Machines maintenance cost decreased by 15%
